Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at http://about.jstor.org/participate-jstor/individuals/early-journal-content.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Formulæ for the Annual Premium for a Term Assurance on Two Joint Lives .. 59

NOTICE.

Communications for this *Journal* must be sent in at least one month prior to the day of publication, or their insertion will in all probability be deferred.

NOTICE TO CORRESPONDENTS.

We have to acknowledge the receipt of a letter from Mr. Younger, commenting on that signed "H. A. S.," in the last Number of the *Journal*. Mr. Younger remarks truly, that, "although the free discussion of such a topic may be beneficial as a means of disseminating suggestions and ideas, there is, nevertheless, a point beyond which, if the controversy be continued, no benefit whatever can result." Mr. Younger adds, that he conceives this point to have been reached in his own and H. A. S.'s letters, and therefore begs leave to retire from the field.
